"How do I get across the important social studies content without being run-of-the-mill or ordinary? How can I make social studies fun and still maintain control of the classroom?" Dynamic Social Studies for Constructivist Classrooms, Ninth Edition

shows teachers how to make social studies fun. Yet it is also the most practical of social studies texts. It is highly readable and offers a manageable length. The author begins with the sound philosophical approach of constructivism and then provides many practical examples of classroom instruction and creative tools to assist teachers in bringing this framework to life in the classroom.
