Written by Wall Street's top commodity research firm, these yearbooks provide in-depth statistics, analysis, and forecasts for the precious metals commodity markets. The supply and demand fundamentals of the commodity are displayed in detailed charts and graphs, providing a wealth of information for investors and traders who need to make fully-informed investment decisions. In addition, CPM's analysis spotlights key issues to monitor in the market in order to discern emerging trading and investment opportunities. Filled with invaluable reference data, The CPM Yearbooks provide readers with all the information needed to succeed in various commodity markets.
