Two monsters enjoy a meal. One falls in and lets out a squeal! To find out how many are left, pull the tab and open the pop-up. A monstrously funny first book of subtraction for young children. Best-selling author Colin Hawkins was born in Blackpool, England, and won a scholarship to art school at the age of thirteen. He and his wife, Jacqui, produced their first children's book, *Witches*, in 1981 and over one hundred titles have followed since then.
