An extraordinary vision of unity among the world's historic faiths and a classic of New

Age spirituality.

Here is a hugely influential interpretation of the "lost years" of Jesus Christ-from roughly the ages of twelve to thirty that are not covered in Scripture- in which the Son of Man is seen to travel through the religious cultures of the East, learning and preaching the unifying spiritual ethic behind all religions.

The Aquarian Gospel of Jesus the Christ is a stirring and deeply involving vision that profoundly impacted the development of alternative spirituality in the early twentieth century, and continues to touch readers today.

Now, the unabridged narrative of this powerful work- drawn from one of its earliest volumes-is redesigned for ease of reading in a handsome signature edition.
