With its flexible and effective organization, varied and focused practices, and interesting writing assignments, THE WRITE START: SENTENCES TO PARAGRAPHS WITH PROFESSIONAL AND STUDENT READINGS, 4TH EDITION combines writing and grammar instruction to help students build the core skills necessary for becoming

effective writers. English as a Second Language pedagogy, from which all developing writers can benefit, informs the entire text. This new edition has been reorganized to better reflect the way that instructors teach the material; combining chapters was a logical and sensible strategy and will enhance the texts navigability. Exercises on sentence fragments and sentence combining have been added, as have new timely and thought-provoking professional and student readings, self-assessment questionnaires, and end-of-chapter "Writing Opportunities" that encourage students to see themselves as experts who will use writing in their careers.
