In this 1-hour DVD featuring the Digital Rebel XSi, Rick will show viewers all of the basic steps to taking great images. From camera basics to exposure, lenses, sport shooting, photographing in low light, close-up photography, people and portraits, animals and pets, Rick breaks down complex topics into fun and interesting lessons. While other videos in this market feature an actor standing next to a camera on a tripod, Rick goes out on location to exciting sites that offer numerous subjects to shoot. He will entertain, educate, and inspire viewers to become better photographers. Go to any Rick Sammon workshop or seminar and it will be standing-room only. The popular speaker and Canon Explorer of Light travels the country on behalf of Canon and SanDisk teaching amateur photographers how to shoot better pictures. He has hosted shows on the DIY network as well as on ESPN and the Outdoor Life Network.
