Well-recognized, international authorities in breast and plastic surgery contribute their expert advice and guidance on aesthetic closure of the breast. They discuss all key areas from indication and selection of patients, to the techniques and allied issues related to breast tumor surgery, including oncoplastic reduction, mammoplasty,

mastectomy with nipple areolar preservation, perforator flaps, effects of radiation therapy, as well as complications and controversies. The DVD of narrated video clips of techniques visually demonstrates procedures described within the book. All this, combined with full-color photographs and line drawings provide real-life clinical detail and clear visual guidance-everything you need to master oncoplastic surgery!

Covers the key techniques used in achieving aesthetic closure of the breast after tumor removal to provide you with a focused, clinical guide.

Provides real-life clinical detail and clear visual guidance to operative steps through full-color clinical photographs and line drawings.

Follows a consistent chapter format with summary information highlighted in key point boxes and clinical pearls for quick and easy access.

Shows narrated, step-by-step procedures performed by experts as they happen in real life on the DVD of film clips.
