Welcome to the world of Skylar Hoyt, a high school senior whose exotic Hawaiian looks have propelled her to the height of the "in" crowd, but who's no longer sure that's where she really fits. New friends, old friends, a reluctant romance, and a family crisis swirl around Skylar as she tries to keep it together and figure out who she really wants to be. Debut novelist Stephanie Morrill opens her first young adult series with a compelling story about characters every teen will recognize and relate to. Morrill addresses real teen issues, like popularity, friendship, sexuality, and more, with grace and style.
