The drug guide you can rely on to keep your patients safe Best Value on the Market! Nursing Spectrum Drug Handbook provides everything you must know to protect your patients and yourself when administering drugs. Written by RNs for RNs, the Handbook delivers the evidence base you need to safely administer more than 3,000 brand-name drugs and 1,000 generic drugs -- along with important patient monitoring instructions specific to each drug. Here's why you can't find a more safety-focused drug guide: FDA boxed warnings appear within each monograph Special icons point out hazardous and high-alert drugs Safety inserts explain how to handle hazardous drugs Full-color 32-page insert covers Safe Drug Administration Critical advice on treating adverse reactions Full-text download for your mobile device Online companion website provides drug updates, patient education information, and more A streamlined design that puts important information at your fingertips
