This book studies Indian diaspora, currently 20 million across the world, from various perspectives. It looks at the 'transnational' nature of the middle class worker. Other aspects include: post 9/11 challenges; ethnicity in USA; cultural identity versus national identity; gender issues amongst the diaspora communities. It argues that Indian middle classes have the unique advantages of skills, mobility, cultural rootedness and ethics of hard-work.

作者介绍:

Brij V. Lal is professor of Pacific and Asian history at the Australian National University.
