Foucault's Philosophy of Art: A Genealogy of Modernity tells the story of how art shed the tasks with which it had traditionally been charged in order to become modern. Joseph J. Tanke offers the first complete examination of Michel Foucaults reflections on visual art, tracing his thought as it engages with the work of visual artists from the seventeenth century to the contemporary period. The book offers a concise and accessible introduction to Foucaults frequently anthologized, but rarely understood, analyses of Diego Velzquezs Las Meninas and Ren Magrittes Ceci nest pas une pipe. On the basis of unpublished lecture courses and several un-translated analyses of visual art, Tanke reveals the uniquely genealogical character of Foucaults writings on visual culture, allowing for new readings of his major texts in the context of contemporary Continental philosophy, aesthetic and cultural theory. Ultimately Tanke demonstrates how Foucault provides philosophy and contemporary criticism with the means for determining a conception of modern art.

多配几张图不行么==

挺好的，重点看了第五章，基本上算是福柯作品的细读和阐释，没有太多的延展，轻微的点了一点visual truth，感觉还是不太够
