Noted for their sweet dispositions, bulldogs also at times demonstrate a shockingly nefarious nature. This book documents an astounding array of their canine transgressions. Follow these bulldog perps in word and picture as they shake, waddle and roll through a wave of crimes that include indecent exposure; fleeing the scene of an accident; soliciting; public nuisance; malicious mischief, and many more. We advise all bulldog fans and owners to be on the lookout for similar canine misdeeds in their homes and neighborhoods.
