From Patient to Payment: Insurance Procedures for the Medical Office, provides a practical, focused overview of medical insurance and billing. Each chapter is structured to give students a hands-on, practical approach to understanding and working with

claims, both paper and electronic, and the medical billing process. This text is precisely tailored for a brief introduction, as the fundamental understanding of coding and claim filing principles is the goal. Incorporated are the latest HIPAA forms and regulations, medical coding, and electronic claims in a clear and focused program. It equips students with the basics of preparing correct health care claims, and provides a brief introduction to Medisoft Patient Billing software V14, which can be used to complete claims.
