Features tours of major sights such as the Royal Palace, Kungliga Slottet, the Vasamuseet, several museums, and the fabulous, luxury food market, Ostermalms Hallen, for reindeer and smoked fish. Detailed neighborhood walks cover the oldest part of Stockholm, the green spaces of Djurgarden, and the ultra trendy, formerly working class area of Sodermalm and Langholmen. Special interest tours include 20th century Swedish architecture; Swedish design, Kid's Stockholm, Artistic Stockholm, and Gourmet Stockholm.. Outdoor Stockholm features parks and sea side walks not found elsewhere in the book. Day trips are offered to the Island of Fjaderholmarna, as well as Sigtuna to the north of Stockholm, and the island of Birka, which is a living Viking excavation.

Fromm家的旅游指南最棒的就在于线路设计了。如果时间有限基本上不用太用心去读详细的历史啊，文化啊，背景啊，按照自己的时间安排，根据上面的流程走就行了。另外还有美食游，带小朋友游，艺术娱乐游，分区详细地图等。设计也相当现代简洁可爱。
