Named a top 10 medical title in 2009 by the "Wall Street Journal", the 2009-2010 edition of the "CDC Health Information for International Travel" (The Yellow Book) presents dependable advice on any travel health issue, including vaccinations, essential trip planning and safety tips, prevention of an expanded list of travel-related infectious diseases, altitude illness, motion sickness, sunburn, medical tourism, and much more. The expert narrative explains the most common health issues and practical day-to-day information for nine popular destinations and travel itineraries. This official publication of the "Centers for Disease Control and Prevention" is filled with valuable information not only for health-care providers and travelers, but also for anyone interested in travel health. It's your trusted travel medicine desktop reference, with a fresh look and feel!
