How many secrets can you hide in plain sight? Sprout Bradford has a secret. It's not what you think--he'll tell you he's gay. He'll tell you about his dad's drinking and his mother's death. The green fingerprints everywhere tell you when he last dyed his hair. But neither the reader nor Sprout are prepared for what happens when Sprout suddenly finds he's had a more profound effect on the lives around him than he ever thought possible. "Sprout "is both hilarious and gripping; a story of one boy at odds with the expected.
