This is a visually stunning and original new story from one of the world's leading digital art and concept design firms. From one of the world's leading graphic design and

concept art firms, Steambot Studios, comes this stunning and original visual story and art book. "Exodyyssey" follows a group of human travellers as they journey through the cosmos and come face-to-face with an alien race. Alongside the fantastic story, readers are invited to join the Steambot Studios crew as they develop the original characters, vehicles, environments and props needed to tell the tale and create a realistic take on future civilisations, space transportation and society. Featuring expert advice on the creative process straight from Steambot's outstanding digital artists, readers are presented with a visually gripping story and the process of creation and design.
