isbn:9781572738850

City Ubiquitous is written for students and scholars of the built environment, but it is also meant for anyone who recognizes the odd and frightening pleasures of urbanity. Flowing from airport to hotel to coffee shop to chain restaurant, we glimpse the alienation and fascination of looking, consuming, and communicating in the staccato rhythms of contemporary life. City Ubiquitous investigates this phenomenon, this structure and perception of omnitopia.

作者介绍:

Andrew Wood (Ph.D., Ohio University, 1998) is a professor of Communication Studies at San José State University. He is also the director of the University's Peer Mentor Program.

Dr. Wood has authored or co-authored books on internet communication, reality television, roadside Americana, and the 1939-40 New York World's Fair.

His peer-reviewed articles have appeared in Critical Studies in Media Communication, Text and Performance Quarterly, Communication Theory, Space and Culture, Communication Education, and Southern Communication Journal.

Andy blogs regularly at Woodland Shoppers Paradise, a mini-mall of media, critique, and commentary. Visit his blog to catch up with his current work and engage in conversation about City Ubiquitous.

When he's not writing, Andy is either on the road or dreaming of his next highway adventure. Recent trips include a cross-country journey along Route 66 and a tour of New England diners.

目录: Table of Contents
