出版时间:1993-3-15

装帧:Paperback

isbn:9780674845817

In this critique on the making of modern America, from 1890 until World War II, prize-winning historian Alan Dawley traces the group struggles of the nation's rise to power. Probing the dynamics of social change, he explores tensions between industrial workers and corporate capitalists, Victorian moralists and New Women, native Protestants and Catholic immigrants. Thoughtful analysis and lively narrative combine to make this book a challenge to earlier interpretations of the period.
