CIRCLES OF CARE is a wonderful collection presenting 48 of Ruth Duck's newest hymns set to music. These texts address issues of healing and reconciliation, presenting new images for praise and celebration. Musical settings include both traditional tunes and new compositions by modern composers. The hymns reflect expansive imagery and theology, in language that is inclusive while at the same time touches the heart with poetic beauty. Contents are organized for easy selection by topic, with helpful scriptural and lectionary indexes as well.
