出版时间:1998-1-21

装帧:Paperback

isbn:9780300074659

This prize-winning book reinterprets more than 200 years of American political history as the interplay between the public's dread of government power and its yearning for communal democracy. James Morone argues that Americans will never solve their collective problems as long as they instinctively fear all public power as a threat to liberty. This revised edition includes a new final chapter about contemporary populism, government bashing, and democratic wishes.
