The star of The Stories Julian Tells is back, and he has more great tales to tell. There's the one about the day so hot, even frogs wore shoes. Or the time his best friend, Gloria, really made the sun move. Sometimes, though, Julian's way with words can backfire. At least that's what happens when he calls his brother Huey a name -- and their father overhears. How can a few little stories get him into so much trouble? And when will he ever learn to talk his way out of it?
