为了看花木兰读的文本white tiger

为了讲课重读，依旧耐看。年轻时看很喜欢第二章的传奇，现在看却喜欢最后一章的回归本源，Kingston讲的不仅是华裔女性的压抑和反抗，也是所有女性在社会强加的枷锁之下进行的战争，The traditions wrap our feet still but we'll report the crime and translate the myths of generations of women warriors.

Fantastic indeed. No name woman brings on the context and constrictions in old

China, opening with a strong emotional and stereotypical suicide history concerning adultery. White Tiger brings the myth of Fa Mo Lan and her own autobiography together, blends the vague boundary between myths and reality. Experimental and at the same time entertaining!
