著者:Hamilton, Virginia

出版者:

出版时间:1992-1

装帧:

isbn:9780785701002

"There is such confident love and candor in the way Hamilton writes about friends, family, and community. With Dickensian exuberance in language and gesture, she evokes the physicalness of family intimacy, the way people lean on each other, snuggle, share food, drink in feelings . . . it's (the) story that makes this book special . . . Read it".--Booklist, starred review.
