F is for Falcon...One afternoon while sketching birds in the forest, Josh happens across a nest of young falcons. He, Dink, and Ruth Rose begin visiting the nest every day, until the morning they find the nest empty. Alarmed, the kids investigate and discover that other local nests have also been abandoned When the kids find a wounded adult falcon with its wing feathers trimmed, they know somebody's up to no good. Can they uncover who's stealing the falcons before it's too late?
