Brilliant, stubborn, and astonishingly far-sighted, Elizabeth Cady Stanton was the chief architect of the American women's movement. Here, Harriet Sigerman presents a fascinating profile of the woman who courageously campaigned for women's absolute right to social and political equality in the 1800s. Her stands on issues such as birth control, divorce reform, greater employment opportunities, and equal wages were revolutionary and controversial then and are still debated in the political arena today. Along with her tireless crusade for equal rights, Elizabeth Cady Stanton also raised seven children, authored a history of the women's rights movement, a feminist critique of the Bible, and her autobiography. Featuring never-before-seen photos and illustrations, Elizabeth Cady Stanton brings to life one of history's liveliest and most fascinating women's rights leaders.
