isbn:9780387953168

The distinguished authors have perfected the most frequently performed oculoplastic surgical techniques. The Atlas is designed to instruct all ophthalmologists who wish to learn these techniques. Mastery of these procedures is made easy by numerous superbly illustrated step-by-step instructions. The study of the supporting anatomy, followed by clear-cut guidelines with heavily illustrated techniques, offers a format that allows the learner to gain the necessary understanding for achieving a more favourable result.
