Don Aslett, the world's No.1 cleaning expert and author of nine best-selling cleaning books, offers readers the most advanced and user-friendly stain-removal guide ever! From coffee to mildew, this entertainingly informative book reveals how to zap even

the most stubborn stains from all fabrics and surfaces, including silk, formica, leather, synthetic fabrics-even white things! An invaluable guide for anyone who knows how to spill, the Stain Buster's Bible also features: The 8 things you never want to do to any stain unless you want it there for the rest of your life The right stuff to have around the house for most emergencies-including professional supplies that really work Special techniques for getting stains out in the laundry How to prevent stains form happening in the first place When to throw in the towel instead of using it-or, don't waste your time on hopeless spots! Plus all the tips, strategies, and professional secrets you need to make unsightly spots a thing of the past.
