Bobby Pendragon is a seemingly normal and somewhat reluctant fourteen-year-old boy who is swept into an amazing five-year quest. He is pulled away from the comfort of his family and suburban home and catapulted into the middle of an immense, interdimensional conflict. It's a journey of danger and discovery for Bobby. His success or failure will do nothing less than decide the course of human existence. Bobby will be continually launched into new and dangerous conflicts that he must help resolve with the support of his fellow adventurers. Each unique mission is part of an overall quest, which will be revealed and resolved in the breathtaking final chapter of the series.
