著者:Helen L. Bonny

出版者:Barcelona Publishers(NH)

出版时间:2002-09

装帧:Paperback

isbn:9781891278105

The use of music as a tool for the amelioration of an nsettled mind is a long established practice and Bonny's technique of Guided Imagery and Music (GIM), though itself relatrively new, has precedents in both science and art. The twenty-two chapters invloved represent a selection of Bonny's lectures, articles and monographs.
