Neal Adams Sketch Book reveals the creative genius behind the man known as one of the greatest comic book artists of all time-the legendary illustrator and storyteller behind Batman, X-Men, and other comics heroes. To quote Adams, "Drawing is less important than thinking." As a result, this guide is much more than just an instruction manual. Instead, it is filled with incredible insight into the mind of a master artist. Readers will see this amazing talent's drawings in development, exploring the thought process and storytelling techniques he employs as he approaches a job, and how they change for each type of project. This is the perfect reference for aspiring artists and comic book fans
