Europe 1715-1919 explores the tumultuous period in European history between the Age of Enlightenment and World War I. By integrating political, social, economic, and cultural history, Shirley Elson Roessler and Reny Miklos provide an entertaining and comprehensive account of the emergence of modern Europe. With clear and eloquent prose, the book explains the ideas of the Enlightenment and their effect on the social fabric of Europe, the watershed of the French Revolution, the rise and fall of Napoleon, the advances of the Industrial Revolution, and the centrifugal forces of nationalism that led, ultimately, to the disaster of World War I. Eminently readable, Europe 1715-1919 will appeal to students, scholars, and all interested in the history of modern Europe.
