Offering the first comprehensive account of the collapse of the most promising peace process between Israel and the Palestinians, historian Efraim Karsh details Arafat's efforts since the historic Oslo Peace Accords in building an extensive terrorist infrastructure, his failure to disarm the extremist groups Hamas and Islamic Jihad, and the Palestinian Authority's systematic efforts to indoctrinate hate and contempt for the Israeli people through rumor and religious zealotry. Arafat has irrevocably altered the Middle East's political landscape, and while his place in history has yet to be written, the ongoing Israeli-Palestinian conflict will always be Arafat's war.
