A growing number of people across North America are now constructing nesting

towers and conducting Chimney Swift conservation projects in their own communities. With Chimney Swift Towers, concerned bird conservationists have a step-by-step guide to help them create more habitat for these beneficial, insect-eating birds. Chimney Swift experts Paul and Georgean Kyle give directions for building freestanding wooden towers, wooden kiosk towers, masonry towers, and other structures. Included are: - design basics- lists of materials needed- useful diagrams and photographs- and detailed instructions on site preparation, tower construction, installation, and maintenance
