isbn:9781563099090

Girls today cope with relentless pressure to believe that looks are all that matter and that sex is casual. They need to know that they are priceless This study focuses on beauty, dressing with selfrespect, confidence, dating Gods way, and understanding the real importance of sex. Written in a lively voice, Priceless includes personal stories about real Christian girls, lots of Scripture interaction, gab sessions with the author, memorization exercises, and space for journaling.
