The Jade Unicorn celebrates 25 years of underground circulation and acclaim. A horror story that shatters the limitations of the genre, The Jade Unicorn takes the reader on a multi-dimensional cyclone from innocence to evil, and from decadence to enlightenment and self-sacrifice. Armageddon looms. The survival of the entire universe depends upon the choices made by two very different people and the coterie of friends and enemies that accrue to them. Part crime mystery, part homiletic, part Black Mass, and part vision quest, The Jade Unicorn explores the very nature of Good and Evil, of how mankind can learn to embrace the satanic or learn to evolve toward Cosmic Consciousness. This isn't a book for the squeamish, because the truth about Evil must be told graphically and read without shame. Nor is it a book for genre fans looking for another vampire, ghost, or demon story. The Jade Unicorn will haunt you long after you've turned the final page.
