The third of our three-volume tribute to Lamborghini brings the story right up to date and looks at the cars developed and built under Chrysler and then Audi. That two such

respected companies saw enough in the financially ailing company to purchase it and add it to their own empires speaks volumes about what the Lamborghini name has come to mean. 35 articles sourced from leading motoring publications of the day cover road, track and comparison tests, previews, full specifications, new model introductions, performance and technical data. Models covered: Diablo 5.7 and 6.0, VT5.7 and 6.0, SE Jota, SV, Roadster, GT, Murcielago and Gallardo.
