This popular suite of piano pieces is one of the treasures of the one piano, four hand repertoire. The suite opens with a dreamy and tranquil Berceuse. Mi-a-ou, the second

piece, is full of rhythmical leaps and energy. Le jardin de Dolly characterizes an enchanted dream garden. Also included are Kitty-valse, Tendresse, and Pas espagnol. Filled with Impressionistic color and delicacy, this collection is engraved in score form with Primo above Secondo for ease in rehearsing.
