出版时间:2006-04-01

装帧:Hardcover

isbn:9780864734860

Published in association with the Dunedin Public Art Gallery's major Jeffrey Harris retrospective, this fully illustrated book confirms Harris's place in the front rank of living New Zealand painters. This unique monograph highlights major themes and charged episodes from Harris's three decades of prolific creativity, reaching from razor-sharp

etchings and jewel-like "icons" to sumptuous triptychs and unflinching self-portraits.
