Sculpted pages that little ones can turn! Finally, early-learning concept books with pages that children can turn all by themselves! Created with the help of child development experts, this unique format is designed to keep the pages from sticking together and eluding little fingers. Combining sweet illustrations with real photographs, this book helps children learn to recognize the basic shapes that make up the world around them. Six spreads early concept board book with die cut edges and a combination of illustrations and photographs.
