Continuing in the tradition of The College Writer, The College Writer's Handbook offers a proven at-a-glance page format, practical writing instruction, and an inviting design--everything today's students need for college and career writing. In addition, the authors' established use of humor as a pedagogical tool and their entertaining visuals, quotations, anecdotes, and models enhance learning and humanize the rich content, setting this handbook apart. The compact handbook balances clear and concise explanations with an abundance of useful hints and compelling examples. It also includes extended coverage of critical topics such as the writing process as well as critical-reading and critical-thinking skills. An easy-to-use CD and companion web site enrich the handbook's instruction, providing useful learning tools for the modern writer. Students receive the most up-to-date information on MLA documentation with the enclosed tri-fold card providing NEW 2009 MLA Handbook formats.
