The book contains never before published roulette information: a revolutionary map of the American roulette wheel head called the Global Pie. The Global Pie Method is an innovative system for memorizing the numbers on the roulette wheel head, used to

track ball movement without looking at the roulette wheel head. The roulette table layout reveals ingenious layout strategies using six-pack concepts, and the elusive formula that was used to determine the number sequence of the roulette wheel head. The Global Pie Method offers a universal language and lingo. Terms like the "Nuking," "Bow Tie-ing," and "Doing a Hemi" all describe specific ball movements. Other terms define multiple Global Pie strategies: Phoenix, Pendulum, Arrowhead, Hugs and Kisses, Boomerang, Four-Leaf Clover, Clover XXX, and Numbered Partners. These Global Pie strategies rely on innovative section characteristics to enhance betting strategies and limit the amount wagered to maximize optimum return. The Global Star System is an independent system designed to track numbers evenly throughout the roulette wheel head. Several Global Star strategies emerge as a result of combining individual stars together: Helicopter, Numbered Partners, Sum Connectors, and Pinwheel. When combined, the Global Pie Method and the Global Star System, produces a strategy called the Eclipse. The Eclipse is designed to track specific numbers that are due to come in. More importantly, when a Global Pie merges with a Global Star the exact number is revealed.
