They grew up on the streets of Newark, facing city life's temptations, pitfalls, even jail. But one day these three young men made a pact. They promised each other they would all become doctors, and stick it out together through the long, difficult journey to attain that dream. Sampson Davis, George Jenkins, and Rameck Hunt are not only friends to this day-they are all doctors.

This is a story about the power of friendship. Of joining forces and beating the odds. A story about changing your life, and the lives of those you love most...together.
