This book contains MCQs with descriptive answers for the pre-registration exam. All UK pharmacy trainees must take the registration exam at the end of the pre-registration year in order to practice pharmacy in Great Britain. Written by a former question writer for the Society Registration exam, "Registration Exam Questions" aims to help trainees with their revision by providing a comprehensive list of open- and closed-book questions on topics that are likely to be covered in the exam. The questions are of a similar style to the registration examination. It contains over 400 open and closed-book questions with descriptive answers, giving the reasoning behind the answers. Questions are based on law, ethics, clinical pharmacy and therapeutic aspects of the registration examination syllabus. The second title in the "Tomorrow's Pharmacist" series, "Registration Exam Questions" will be indispensable to pre-registration trainees and pharmacy students to help them prepare for their future career. "The Pre-registration Interview" (May 07) - ISBN 9780853696988 - was the 1st title in the series, written by the same author. Nadia Bukhari is also the author of "FASTtrack: Therapeutics" (October 08) ISBN 9780853697756.
