Parents and caregivers are looking for complete itineraries for day trips and outings with kids, which these walks provide. For families planning a vacation to San Francisco or native San Francisco parents looking for fresh activity ideas, the "City Walks with Kids: San Francisco" deck guides adults with children ages 5 and up through the best kid-friendly attractions the city has to offer. Each card outlines a self-guided walking adventure, with a detailed map on one side and insider information on the other. Noteworthy sites and attractions are numbered on both sides of the card for easy reference. Information on using public transportation and where to find kid-friendly food and recreation en route are also included.
