Glenn Barr's robots, creatures and vixens live in a seedy yet swinging 1960's universe, drenched in the haze of a post-industrial hangover. From Detroit, Glenn's artwork mixes pop culture elements with pulp art and cartoons, creating paintings that are mesmerizing in both their simplicity and depth. Glenn has shown his artwork in many galleries from Seattle and San Francisco to New York City, and his works have been featured in a variety of comics and graphic novels.
