The Blue Angels were formed in 1946, and have been performing daring aerial displays ever since. Respected aviation writer Veronico conducts us through the Blue Angels' history, from the first flight leader Roy "Butch" Voris in his Grumman F6F Hellcat to today's McDonnell Douglas F/A -18 Hornet. This profusely illustrated volume reviews the Angel's changing craft and personnel, giving readers a close-up look at this remarkable team of flyers as it made history on the wing.
