Shrink, sew, and go: creating chic felted garments can be as easy as that. Anyone who's accidentally put a favorite sweater through the laundry and had it come out in miniature form understands the basic process—and these 30 creative, simple projects make use of old wool garments cluttering the closet or purchased from a flea market. Craft trendy flower pins, a matching scarf and mitten set, a snuggly little bear hat, a backpack, and more. They're all fabulous!
