The Big Book of Bad Dates chronicles more than 120 hilarious dating misadventures. This illustrated tour of courtship calamities will keep you laughing from beginning to end, or maybe from date to date. Have you dated "the slob"? Or perhaps your dates lean more toward "the clueless guy"? What about "the mamma's boy," "the know it all," or "the guy's guy"? No matter which bad dates you identify with, this book is the perfect reality check as you continue to search for "the one."
