Part of the hugely successful "Continuum One Hundred Ideas" series this book provides innovative ideas for teaching design and technology (D&T) at secondary school level. The ideas range from practical classroom activities to ideas for different D&T subject topics. This book, which is ideal for trainees, NQTs and experienced teachers alike, contains 100 inspirational ideas on teaching design and technology in the classroom. Each one has been successfully tried and tested. The ideas range from practical activities in the classroom to ideas for different topics. The "Continuum One Hundreds" series offers 100 invaluable and practical ideas for teachers of all levels.
